

JOINT NMO-IMA PRESS RELEASE

Nagpur Doctors Call for Action Against Extortion; Announce Five-Zone Hospital Safety Coordination Committee

Nagpur | 8 October 2026

A hospital cannot function safely when violence and extortion disrupt patient care.

Doctors' commitment to patient care must not be mistaken for weakness or acceptance of intimidation. Healthcare professionals must be supported when they report threats and seek lawful protection. Threats and disruption at hospitals can affect treatment and undermine the trust between doctors and patients.

The security watchlist covers persons against whom an FIR has been registered alleging violence against hospitals or extortion from hospital owners. This is a security measure; emergency medical treatment will remain available.

At the same time, every genuine patient grievance deserves a fair hearing. NMO and IMA support impartial examination of complaints, clear communication with families and responsible reporting. Allegations of medical negligence and allegations of extortion must each be examined on their own evidence.

According to **Dr. B.K. Murali's account**, the extortion demand was ₹15 lakh, with threats concerning cancellation of the hospital's licence, demolition and implication in false cases. Published reports state that **Panchpaoli Police registered a case against seven people**. The associations acknowledge this reported police action and urge a thorough investigation. The allegations remain subject to investigation and due process.

NMO and IMA express solidarity with **Dr. B.K. Murali of Hope Hospital**, and with **Hope Hospital and Ayushman Hospital, Nagpur**, over concerns raised regarding intimidation and extortion. The associations call for prompt, impartial investigation and effective protection for patients, doctors, nurses and hospital staff.

Five-zone Rapid Action Coordination Committee

NMO and IMA announce a **Rapid Action Coordination Committee covering five zones of Nagpur** to facilitate communication among healthcare institutions, association representatives and the police, and to escalate hospital-safety concerns.

The associations welcome Nagpur Police's reported **Quick Response Hospital Security Grid**, covering all **34 police-station jurisdictions** through dedicated emergency WhatsApp groups connecting police officers, hospital directors and nodal officers. The NMO-IMA committee is intended to complement this police initiative.

The hospital-safety meeting at **Police Bhavan on 30 September**, chaired by **Nagpur Police Commissioner Vishwas Nangre Patil**, brought police leadership and medical representatives together. Reported participants included **Dr. Sachin Ghatte, President, IMA Nagpur**, and **Dr. Manjusha Giri, Maharashtra State IMA President**. Today's appeal is to translate these discussions into dependable action.

NMO and IMA thank Nagpur Police Commissioner Vishwas Nangre Patil for his proactive and enterprising leadership in addressing hospital-safety concerns and bringing police and healthcare representatives together. The associations welcome his initiative to strengthen coordination and timely response for safe, uninterrupted patient care.

NMO and IMA call for:

- **Designated police contacts and clear escalation routes** for urgent threats at hospitals across Nagpur.
- **Prompt acknowledgement, appropriate action and follow-up** on complaints of intimidation, violence and extortion.
- **Protection of emergency departments, ICUs and treatment areas** from threatening gatherings and disruption.
- **Accurate medico-legal documentation**, timely police intimation where required, and preservation of reporting records and acknowledgements.
- **Accessible patient grievance procedures** and clear communication with patients and relatives.
- **Responsible media reporting** that distinguishes allegations, verified facts, investigation findings and court decisions.

Public participation and grievances

NMO and IMA invite patients, families, doctors, hospital staff and concerned citizens to join the **Safe Hospitals initiative** at safe-hospitals.com.

Any grievance can be conveyed to **IMA or NMO through this portal**, or by contacting:

- **Dr. Dhiraj Gupta, Secretary, NMO: +91 79720 37051**
- **Dr. Sachin Ghatte, President, IMA Nagpur: +91 98224 62288**

Hospital safety is a shared responsibility. Public participation can strengthen doctor-patient trust and support safe, accountable and uninterrupted healthcare in Nagpur.

Our shared priority is patient welfare: safe hospitals, fair inquiry and timely action against unlawful intimidation.

Signatories

Dr. Dhiraj Gupta
Secretary, NMO
Contact: +91 79720 37051

Dr. Sachin Ghatte
President, IMA Nagpur

OFFICIAL IMA-NMO SECURITY WATCHLIST

Hospital security precaution | 8 October 2026

The security watchlist covers persons against whom an FIR has been registered alleging violence against hospitals or extortion from hospital owners.

Actual FIR evidence establishing the allegations and named persons for every entry has not been supplied for this review copy.

This watchlist is a security precaution for hospitals and healthcare personnel. Emergency medical treatment remains available.

#	Name	Age	Broad locality / city
01	Sharad Sarode	45	Benzombagh, Nagpur
02	Mulla Singh Gaur	44	Binaki Layout, Nagpur
03	Pratik Bahuguna	37	Deepak Nagar, Nagpur
04	Pankaj Khinchi	43	Nagpur
05	Mahesh Dhole	25	Ajandoh, Wardha district
06	Shubham Sathe	28	Ajandoh, Wardha district
07	Manisha Papadkar	46	Rahul Nagar, Nagpur
08	Omprakash Shivkumar Sahu	Approx. 45	Pili Nadi, Nagpur
09	Rakesh Pali	Approx. 45	Pili Nadi, Nagpur
10	Krishna alias Golu Ramdas Kadav	Approx. 45	Pili Nadi, Nagpur
11	Pankaj Bhimrao Khandekar	Approx. 45	Pili Nadi, Nagpur
12	Shubham Ramji Shende	Approx. 45	Pili Nadi, Nagpur
13	Sachin Vijay Manavatkar	Approx. 45	Pili Nadi, Nagpur
14	Abhilash Ramji Shende	Approx. 45	Pili Nadi, Nagpur
15	Rupchand Haridas Lonare	Approx. 45	Pili Nadi, Nagpur
16	Deepak Buddhulal Lakhera	Approx. 45	Pili Nadi, Nagpur
17	Pradyumna Deepak Ramteke	Approx. 45	Pili Nadi, Nagpur

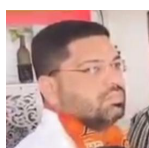

The first seven ages reproduce recorded particulars and are not verified current ages. For entries 8–17, “Approx. 45” is Dr. B.K. Murali’s estimate; Pili Nadi, Nagpur is his supplied broad locality. These estimates and localities have not been independently documented. Exact residential addresses are omitted. Mulla Singh Gaur is also identified as Ravindra Singh Gour in the supplied particulars.

Emergency medical treatment remains available.

ANNEXURE: HOSPITAL SAFETY INCIDENT DATA SHEET

Nagpur | Kamptee | Kanhan

Period: 1 July–30 September 2026 | Geography: Nagpur, Kamptee and Kanhan | Checked: 30 September 2026

This is a researched register of located reports and supplied accounts. It is not an exhaustive police / IMA incident census. News reporting does not establish guilt; social and owner allegations require independent verification.

Located case clusters: 3 news-reported, 1 owner-supplied, 2 social-media; plus 2 unresolved leads. These categories must not be presented as a count of attacks.

6 case clusters are documented: City Hospital, Alright Hospital, Ayushman, AIIMS, Aruna–Lifeline and Wockhardt. The two social cases include patient-safety / billing allegations and are not established staff-violence cases. Hope and Bhawani remain separate incident leads.

Date controls: Wockhardt's exact event date is unknown; 24 Sep is only an approximate post date. Aruna's caption states 17–18 Sep; the year follows the current post context. Ayushman's 5 / 6 Sep accounts need reconciliation. No additional July case was established in reviewed sources.

Coverage limits: no complete police, hospital or IMA case register was obtained. Unreported/private incidents may be absent. Out-of-period events and unrelated road accidents are excluded. Hospital replies, FIR copies and latest case outcomes should be collected before using this sheet as a formal evidentiary annexure.

Privacy: patient identifiers, private contact details and detailed clinical records are omitted. This local workbook has not been published or sent.

The register retains its original review status. It is not a new verification of current outcomes.

C01 | City Hospital

1 July–30 September 2026 • Checked 30 September • C05 has two hospital rows for one linked case. L01/L02 are unresolved leads, not confirmed incidents. Blank dates mean unknown, not zero incidents.

Incident register

Area: Kamptee / Kamthi

Location detail: Kalamna Road

Event start: 22 August 2026

Event end: 22 August 2026

Date basis / certainty: 22 Aug demand reported; video confrontation 21 Aug

Incident category: Extortion / reputation threat

Evidence tier: News report

Reported account / allegation: Doctor alleged a ₹2 lakh demand backed by a threat to circulate a defamatory treatment video.

People affected: Dr Tanzeem, City Hospital (user spelling); press spells the name Dr Tanzim Azmi

Trigger: Disputed treatment / social-media confrontation

Other account / important qualification: Family reel reportedly counter-alleged kidnapping; underlying treatment occurred in June, outside the window.

Police action, impacts and verification

Police station: New / Naveen Kamptee police

FIR / complaint status: Case and arrest reported; FIR number not supplied

Reported action / outcome: Accused arrested, then granted bail; court ordered further investigation (25 Aug report)

Status recorded as of: 25 August 2026

Injury / patient impact: No physical injury documented

Damage / disruption: No property damage documented

Amount (INR): 200000

Meaning of amount: Alleged demand, not payment

Information still needed: Obtain FIR, exact sections, court order and subsequent case status

C02 | Alright Hospital

1 July–30 September 2026 • Checked 30 September • C05 has two hospital rows for one linked case. L01/L02 are unresolved leads, not confirmed incidents. Blank dates mean unknown, not zero incidents.

Incident register

Area: Nagpur

Location detail: Jafar Nagar, near Awasthi Chowk

Event start: 02 September 2026

Event end: 02 September 2026

Date basis / certainty: Wednesday evening inferred from 3 Sep reports

Incident category: Vandalism / attempted assault

Evidence tier: News report

Reported account / allegation: Relatives and residents allegedly damaged hospital property and attempted to attack the treating doctor after a patient died.

People affected: Dr Shadman Ali (treating); owner Dr Irshad Pathan (user supplied)

Trigger: Patient death

Other account / important qualification: Family alleged delay/negligence; hospital denied negligence. Police escorted the doctor to safety. User corrected the hospital name to Alright Hospital; linked press reports use A-Square. Dr Irshad Pathan ownership is user supplied.

Police action, impacts and verification

Police station: Mankapur police

FIR / complaint status: No offence registered at publication per Nagpur Today; hospital said initiating FIR

Reported action / outcome: Statements recorded; doctor escorted out. Subsequent FIR/action unknown

Status recorded as of: 03 September 2026

Injury / patient impact: Attempted assault reported; injury not documented

Damage / disruption: Property damage reported; inventory/value unavailable

Amount (INR): Not recorded

Meaning of amount: No monetary figure established

Information still needed: Confirm 2 Sep event date; obtain complaint/FIR, CCTV, damage inventory and current case status

C03 | Ayushman Nagpur Hospital

1 July–30 September 2026 • Checked 30 September • C05 has two hospital rows for one linked case. L01/L02 are unresolved leads, not confirmed incidents. Blank dates mean unknown, not zero incidents.

Incident register

Area: Nagpur

Location detail: Sitabuldi, according to owner dossier

Event start: 31 August 2026

Event end: 06 September 2026

Date basis / certainty: Owner chronology contains conflicting 5 / 6 Sep accounts

Incident category: Threats / demands / disruption

Evidence tier: Owner-supplied dossier

Reported account / allegation: Owner alleges group entry, disruption, filming and money demands during a patient-treatment/death dispute. Dates and demand amounts need reconciliation.

People affected: Hospital doctors and staff; complainant Dr. B.K. Murali

Trigger: Treatment / scheme dispute and subsequent death

Other account / important qualification: Owner account only; independent family response and police case documents were not available. Do not treat the linked dates as separate proven incidents.

Police action, impacts and verification

Police station: Sitabuldi / Panchpaoli, per owner dossier

FIR / complaint status: Online service request 19387007072600038; FIR number not supplied

Reported action / outcome: 112 assistance alleged; inquiry notice dated 16 Sep; later representation is an unsigned draft, filing not recorded

Status recorded as of: 25 September 2026

Injury / patient impact: Not established in reviewed sources

Damage / disruption: Disruption alleged; damage inventory unavailable

Amount (INR): Not recorded

Meaning of amount: ₹2 lakh in 5 Sep chronology; ₹10 lakh + ₹2 lakh in 6 Sep account. No confirmed payment

Information still needed: Reconcile dates/amounts; obtain signed complaint receipt, FIR or inquiry record, CCTV and independent accounts

C04 | AIIMS Nagpur

1 July–30 September 2026 • Checked 30 September • C05 has two hospital rows for one linked case. L01/L02 are unresolved leads, not confirmed incidents. Blank dates mean unknown, not zero incidents.

Incident register

Area: Nagpur

Location detail: MICU, AIIMS Nagpur

Event start: 22 September 2026

Event end: 22 September 2026

Date basis / certainty: 22 Sep, approximately 9am, reported

Incident category: Physical assault / intimidation

Evidence tier: News report

Reported account / allegation: A resident doctor was allegedly grabbed by the collar and punched in the back by relatives after a patient died. Security intervened.

People affected: One resident doctor, unnamed in this sheet

Trigger: Patient death in ICU

Other account / important qualification: Reports describe four accused relatives as Kamptee residents; the incident occurred at AIIMS Nagpur, not Kamptee.

Police action, impacts and verification

Police station: Sonegaon police

FIR / complaint status: FIR against four relatives reported on 24 Sep; number not supplied

Reported action / outcome: No arrests as of 24 Sep report; protest called off 25 Sep after security assurances

Status recorded as of: 26 September 2026

Injury / patient impact: Collar grab / punches reported; clinical injury assessment unavailable

Damage / disruption: No property damage documented

Amount (INR): Not recorded

Meaning of amount: No monetary figure established

Information still needed: Obtain FIR, doctor injury record, arrest/current case status and implementation of security assurances

C05 | Aruna Hospital

1 July–30 September 2026 • Checked 30 September • C05 has two hospital rows for one linked case. L01/L02 are unresolved leads, not confirmed incidents. Blank dates mean unknown, not zero incidents.

Incident register

Area: Kanhan

Location detail: Kanhan; exact branch/address not verified

Event start: 17 September 2026

Event end: 18 September 2026

Date basis / certainty: 17–18 Sep stated in Instagram caption; year from current post context

Incident category: Patient-safety allegation / public campaign

Evidence tier: Social-media allegation

Reported account / allegation: Family account alleges deterioration during treatment and a disputed referral to Lifeline Hospital, Kamptee. A separate post questions facilities and scheme eligibility.

People affected: Patient / family; no staff assault established

Trigger: Treatment deterioration and subsequent death at referral hospital

Other account / important qualification: Clinical causation and negligence are not established. Hospital response, medical records and independent inquiry were not available.

Police action, impacts and verification

Police station: Not established

FIR / complaint status: No FIR / official inquiry document reviewed

Reported action / outcome: Campaign posts call for action; no official disposition established

Status recorded as of: 30 September 2026

Injury / patient impact: Patient death reported by family in linked account; cause not established

Damage / disruption: No vandalism established

Amount (INR): Not recorded

Meaning of amount: No monetary figure established

Information still needed: Verify event year/date, treatment/referral records, hospital responses, MLC/postmortem and any police/health inquiry

C05 | Lifeline Hospital

1 July–30 September 2026 • Checked 30 September • C05 has two hospital rows for one linked case. L01/L02 are unresolved leads, not confirmed incidents. Blank dates mean unknown, not zero incidents.

Incident register

Area: Kamptee / Kamthi

Location detail: Kamptee, as stated in Instagram caption

Event start: 18 September 2026

Event end: 18 September 2026

Date basis / certainty: 18 Sep stated in linked Instagram family account

Incident category: Patient-safety allegation / public campaign

Evidence tier: Social-media allegation

Reported account / allegation: Linked family account states the patient died about two hours after reaching Lifeline following treatment/referral from Aruna Hospital.

People affected: Owner: Tamim (user supplied); patient / family affected; no staff assault established

Trigger: Referral from Aruna Hospital, Kanhan

Other account / important qualification: Same case as Aruna (C05), not a second independent case. Hospital identity and response remain to be verified.

Police action, impacts and verification

Police station: Not established

FIR / complaint status: No FIR / official inquiry document reviewed

Reported action / outcome: Same linked case C05; no official disposition established

Status recorded as of: 30 September 2026

Injury / patient impact: Death alleged after referral; causation not established

Damage / disruption: No vandalism established

Amount (INR): Not recorded

Meaning of amount: No monetary figure established

Information still needed: Verify hospital legal name/branch, arrival/death timeline, response and official inquiry; do not double-count

C06 | Wockhardt Hospital

1 July–30 September 2026 • Checked 30 September • C05 has two hospital rows for one linked case. L01/L02 are unresolved leads, not confirmed incidents. Blank dates mean unknown, not zero incidents.

Incident register

Area: Nagpur

Location detail: Branch unconfirmed

Event start: Not recorded

Event end: Not recorded

Date basis / certainty: Incident date unknown; post displayed “6 days ago” on 30 Sep

Incident category: Billing dispute / confrontation

Evidence tier: Social-media allegation

Reported account / allegation: Instagram video alleges an ₹80,000 bill for two days of fever treatment; footage observed included Wockhardt signage and a police officer.

People affected: Patient / family and hospital personnel; identities unverified

Trigger: Disputed hospital bill

Other account / important qualification: Bill authenticity, itemisation and hospital response not obtained. Footage alone does not establish extortion, assault or vandalism.

Police action, impacts and verification

Police station: Officer visible; station not established

FIR / complaint status: No FIR / complaint document reviewed

Reported action / outcome: Police presence visible in social post; outcome unknown

Status recorded as of: 30 September 2026

Injury / patient impact: No assault / injury established

Damage / disruption: No vandalism established

Amount (INR): 80000

Meaning of amount: Disputed bill allegation; not an extortion demand

Information still needed: Obtain exact incident date, branch, complete original video, bill/itemisation, hospital response and police record

L01 | Hope Hospital

1 July–30 September 2026 • Checked 30 September • C05 has two hospital rows for one linked case. L01/L02 are unresolved leads, not confirmed incidents. Blank dates mean unknown, not zero incidents.

Incident register

Area: Nagpur

Location detail: Kamptee Road, according to owner dossier

Event start: Not recorded

Event end: Not recorded

Date basis / certainty: Separate hospital; specific in-window event date unresolved

Incident category: Hospital-specific lead

Evidence tier: Pending verification

Reported account / allegation: Requested by user. Owner dossier and campaign refer to a Hope–Ayushman case, but the supplied specific event chronology places events at Ayushman.

People affected: Not independently established

Trigger: Linked dossier; do not transfer Ayushman events to Hope

Other account / important qualification: A 2021 Hope report was excluded as outside the period. Need a Hope-specific event date, location and original source.

Police action, impacts and verification

Police station: Specific Hope event not established

FIR / complaint status: No Hope-specific in-window FIR reviewed

Reported action / outcome: Pending hospital-specific verification

Status recorded as of: 30 September 2026

Injury / patient impact: Not established in reviewed sources

Damage / disruption: Not established in reviewed sources

Amount (INR): Not recorded

Meaning of amount: Do not duplicate Ayushman alleged demands

Information still needed: Obtain Hope-specific date, occurrence address and source; establish whether separate event or only linked ownership

L02 | Bhawani Hospital

1 July–30 September 2026 • Checked 30 September • C05 has two hospital rows for one linked case. L01/L02 are unresolved leads, not confirmed incidents. Blank dates mean unknown, not zero incidents.

Incident register

Area: Nagpur

Location detail: Possible Shri / Maa Bhawani Hospital, Pardi; identity to confirm

Event start: 29 September 2026

Event end: 29 September 2026

Date basis / certainty: 29 Sep supplied by user; original post / occurrence record pending

Incident category: Hospital-specific lead

Evidence tier: Pending verification

Reported account / allegation: User identifies an incident on 29 September. Incident type, sequence, impact and police response have not yet been established from an original source.

People affected: Not established

Trigger: Unresolved lead

Other account / important qualification: A road-accident report mentions treatment at Bhawani; it does not establish an incident against the hospital. Absence of a located report is not evidence of no incident.

Police action, impacts and verification

Police station: Not established

FIR / complaint status: No matching incident source established

Reported action / outcome: Pending source and identity verification

Status recorded as of: 30 September 2026

Injury / patient impact: Not established in reviewed sources

Damage / disruption: Not established in reviewed sources

Amount (INR): Not recorded

Meaning of amount: No monetary figure established

Information still needed: Verify user-supplied 29 Sep date; confirm hospital identity, incident details, original Instagram post, complaint/FIR and outcome

ANNEXURE: FIVE-ZONE RAPID ACTION COORDINATION COMMITTEE

NMO-IMA | Nagpur | 8 October 2026

The committee covers five geographic zones: North Nagpur, South Nagpur, East Nagpur, West Nagpur and Central Nagpur.

IMA-published zonal doctors

The zonal doctors and arrangements are confirmed by Dr. B.K. Murali. Individual availability is not a live duty-status confirmation.

Zone	Doctors listed in IMA committee roster
North Nagpur	Dr. Rafat Khan; Dr. Vinky Rughwani; Dr. Dinesh Singh; Dr. Asif Qureshi; Dr. Sunil Bhelekar; Dr. Ashish Bhawatkar
South Nagpur	Dr. Harish Chandak; Dr. Avinash Wase; Dr. Alka Mukherjee; Dr. Avinash Rode; Dr. Rajesh Sawarbandhe; Dr. Kanhiya Chandak
East Nagpur	Dr. Jitendra Vidhani; Dr. Shirish Modi; Dr. Prashant Bhutada; Dr. Swati Malpani; Dr. Shravan Khetan
West Nagpur	Dr. Warsha Dhawale; Dr. Jagdish Kothari; Dr. Sanjay Ambatkar; Dr. Vijay Upadhyaya; Dr. Manoj Pahukar; Dr. Anand Bhutada; Dr. Sanjay Deshmukh
Central Nagpur	Dr. Gauri Arora; Dr. Shivaji Deshmukh; Dr. Pramod Giri; Dr. Mahesh Sarda

Station-location groupings: North 7; South 5; East 15; West 5; Central 3. Specialised cyber stations are listed separately.

Geographic grouping method

The directory below sets out committee groupings using station-location map links published by Nagpur Police. It does not establish police jurisdiction boundaries or official assignments to the NMO-IMA committee.

Sitabuldi Police Station (21.143978, 79.080627) is the reference point. Locations within 2 km are grouped as Central Nagpur. Other locations are grouped by the larger north/south or east/west distance from that point.

All 35 general directory entries have location evidence and are placed once under this grouping rule. The two specialised cyber entries are listed separately. The IMA-published doctor roster above does not establish a current response-duty rota or individual availability.

The official police organisation page lists numbered police zones 1–6. These must not be equated with the five committee geographic zones.

ANNEXURE: QUICK RESPONSE HOSPITAL SECURITY GRID

Directory scope and status

The reported hospital security grid covers 34 police-station jurisdictions. This directory contains 37 entries: 35 general entries and two cyber stations. A grid-specific membership roster has not been established; the directory entries must not be treated as confirmed grid enrolment.

Public contacts and officer status

“Officer in charge” is the directory role; no rank or duty assignment is inferred. Numbers without an area code are retained as recorded. One station has no published phone number. These listings are not a live confirmation of availability or grid enrolment.

Geographic grouping

Committee grouping is based on station locations; it does not identify the boundary of a station’s territorial jurisdiction. New and Old Kamptee use the same recorded map location, so their location-based grouping is provisional.

North Nagpur

Committee geographic grouping | 7 station entries

This is not an official police administrative zone or a confirmed grid-membership list.

IMA-published zonal doctors

Dr. Rafat Khan; Dr. Vinky Rughwani; Dr. Dinesh Singh; Dr. Asif Qureshi; Dr. Sunil Bhelekar; Dr. Ashish Bhawatkar

Advisory roles – MLAs

Dr. Nitin Kashinath Raut - MLA, Nagpur North (SC); Ashish Nandkishore Jaiswal (Vakil) - MLA, Ramtek

Arrangements and advisory roles are confirmed by Dr. B.K. Murali. North city constituency; Ramtek included for liaison with the Khaparkheda / Parseoni area listed in this group. Committee groups are not Assembly boundaries or station-jurisdiction assignments.

Station	Published public phone	Officer in charge	Map location
Gittikhadan Police Station	0712-2560025	Shri .sarang mirashi	21.17352 79.06041
